

That Tired Feeling

And other troubles—pains about my heart, indigestion, liver complaint, dizzy spells and headaches made me a great sufferer. After other medicines failed, I took Hood's Sarsaparilla.

Gave me wonderful relief. I always take now when I have any of the feelings. Hood's Sarsaparilla.

Hood's Pills are sold everywhere. All druggists.

CHUNKS OF SILVER.

The Large Nuggets Found in Richmond Basin

Wonderful Discoveries of the Past in Globe District.

Globe Silver Belt.

Globe was set agog on Monday last by the arrival of Leroy Kenberry from Richmond Basin with two silver nuggets weighing 30 1/2 and 6 pounds respectively.

Their size is not phenomenal, but their apparent purity is what excites comment. The largest nugget is about 1 1/2 inches long and 1 1/2 inches in circumference, and its appearance and weight would indicate that it is almost pure metal.

The large nugget was found by Mr. Kenberry two weeks ago, at a gulch above the Nugget mill, close to where Ben Pascoe had a small mine. The place is fully a mile from where the rich nuggets were found a few years ago, and in a different gulch. Lee was out hunting his mine, and stopped for a moment to rest, and was looking at some stock browsing on the mountain above him. One foot rested on what he supposed was a blackened bowlder. It had a our silver look and after some exertion he dislodged it. What was his surprise and delight to find it was a huge nugget of silver!

Lee forgot all about the mine. He hurried back to camp with his treasure and, accompanied by Geo. Bird and J. W. Kilien, repaired to the place of discovery and commenced a search for more nuggets. But after that the search was fruitless, although they hunted diligently for ten days.

The value of the find is a matter of course, although several old miners think it will assay 9.0 gold. On that basis, at the present price of \$67 1/2, the large nugget is worth \$2,043.75, and the small one \$56.25. The nuggets have been taken to the assay office and have attracted great attention.

In the early days of the camp this find would not have been considered extraordinary. From 1870 to 1880 rich silver strikes were made in Richmond Basin. It was not until the discovery of the large nugget in 1880 that the search for silver was abandoned.

The discovery of the large nugget was made by Mr. Kenberry, who is a well known miner. He is a native of the Globe district and has been mining for many years.

Obituary.

Peter Kitchen died at 2:30 o'clock this morning after a long and eventful life and will be buried tomorrow under the auspices of the Arizona pioneers.

Peter Kitchen was a typical frontiersman. He was a native of Missouri but had lived more than a generation in Arizona. He was here before the boundary line was run between the United States and Mexico, having first come to the country in 1833 or 1834. Eventually he married and built himself a home in the "pot-hole" of a little north of the Mexican border, and while his herds roamed the hills he stood off the hostile Apaches and sent many a red handed cut throat to his grave.

Truly yours, CHAS. CANAL, Manager Flagstaff Base Ball Club.

Which was answered as follows: Mr. CHAS. CANAL, Flagstaff.

Dear Sir:—Your favor of the 25th inst. at hand. At a meeting of our club it was decided to make you the following proposition:

That we play for \$500 a side during the latter part of September, date to be fixed later.

That we play at Phoenix, it being neutral ground, each club to pay its own expenses and receipts to be divided between us.

I think this is the best Phoenix has an enclosed ground and we can make our expenses from the gate receipts.

If this is satisfactory to your club let me know at once, also draw up articles of agreement. We will do likewise and send them to you. We can look over both of them and decide what we will accept to. Soon as we are signed we will deposit \$100 for rent in some Phoenix bank and will expect you to do the same.

All players must be in the territory six months prior to date we play and the club violating this shall lose the purse.

Please let me hear from you as soon as possible. Yours truly, MORE DRACHMAN, Manager Tucson Club.

The following reply was received yesterday morning: FLAGSTAFF, Aug. 3, 1895.

MORE DRACHMAN, Manager Tucson Base Ball Club, Tucson.

Dear Sir:—Your favor of the 31st inst. at hand. In reply we will say that your restrictions as to length of time players have resided in Arizona does not suit us. Of course none but amateurs will be allowed to play.
